Dear Dr. Matayoshi &
Jill Szakacsi,

1/20/09

My husband Jeff's front teeth had been damaged for the past 18 years. 12 of which we have been married and in all this time he had rarely smiled and never ever in pictures.

It is such a credit to your office to have accomplished making him feel comfortable enough with you all to have this done. He is smiling like he never has before because of the care you took with him.

Our whole family would like to extend our deepest heartfelt THANK YOU to both of you for totally transforming Jeff's smile in just a few visits.

THANK YOU AGAIN!

Sincerely,
Stephanie Lang
